

Unemployment Mortgage Assistance

Summary Guidelines

1. Program Overview

The Unemployment Mortgage Assistance Program (“UMA”) is one of CalHFA MAC’s federally-funded programs developed to provide temporary financial assistance to eligible California homeowners who wish to remain in their homes, but have suffered a loss of income due to unemployment or underemployment.

CalHFA MAC is partnering with financial institutions to directly provide program funds to subsidize an eligible homeowner’s mortgage payments.

UMA provides mortgage payment assistance equal to the lesser of \$3,000 per month or 100% of the PITI (principal, interest, tax, insurance) and any escrowed homeowner’s association dues or assessments, for up to twelve (12) months, with the purpose of preventing avoidable foreclosures until such time that the homeowner retains employment sufficient to meet the demands of satisfying their regular mortgage payment.

2. Program Goals

UMA’s goal is to help homeowners remain in their homes and prevent avoidable foreclosures despite loss of income due to unemployment or underemployment.

The UMA will minimize past due payments, and provide a homeowner with additional time to find alternate employment and replace income needed to make their mortgage payment.

UMA was designed to assist homeowners who are currently receiving California Employment Development Department unemployment benefits, and includes homeowners whose unemployment benefits lapsed or expired within 30 days of the request for UMA assistance.

UMA was designed to complement other loss mitigation programs, including increasing a homeowner’s eligibility for an extended written forbearance plan and/or loan modification.

3. Target Population/ Areas

UMA is designed to target low-to-moderate income homeowners and address the needs of a homeowner’s specific situation in lieu of targeting certain regions or counties.

At the conclusion of (3) three years, the subordinate loan will be released. Loan funds will only be repaid to Eligible Entity (CalHFA MAC) in the event of a sale or a refinance that includes cash out with sufficient net equity proceeds prior to forgiveness.
